

VLADIMIR PETROV

CIO × AI × ROI

TARGET MANDATE: CIO - IT FUNCTION TRANSFORMATION, ENTERPRISE AI, TECHNOLOGY ECONOMICS

**I lead IT, AI and R&D.
I own the budget,
the team and outcomes.**

I own IT strategy and architecture. I assess investments by ROI and take projects to launch.

- I manage TCO, IT budgets and the investment portfolio; I clarify accountability.
I build R&D from hypothesis validation to a production-ready product and commercial launch.
- I create AI capabilities for specific business needs; I control security and economic impact.
-

CURRENTLY

**Chief Information
Officer (CIO)**
Gazprombank Tech

I calculate project economics first. Then I select the architecture and team.
